PROMOTING PRIVATE-SECTOR JOB  
CREATION

(Mr. BARR asked and was given permission to address the House for 1 minute.)

Mr. BARR. Mr. Speaker, the Sixth District of Kentucky has had some good news this month. Tiffany & Co. added 75 jobs at their Lexington manufacturing plant. The global law firm Bingham McCutchen opened a Lexington global services center with plans to employ 250 workers. Toyota

announced it will add 750 jobs and invest an additional \$360 million in their Georgetown manufacturing facility to build the Lexus.

I am honored to represent the hard-working Kentuckians who brought this global recognition and investment to the Bluegrass. It is a true credit to our workforce that these first-class companies chose to make these investments in Kentucky.

But take a moment and think about how many more jobs we could create without a \$17 trillion national debt clogging the engines of economic growth. If Congress is serious about promoting private sector job creation, then we must remove government-imposed obstacles to growth. That means repealing and replacing ObamaCare, cutting spending, reforming our Tax Code, reducing regulations, and unleashing American energy. Only then will we make these headlines the norm and not the exception.

RECOGNIZING FORT WORTH  
COMMUNITY SCHOLARS

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, I rise today to recognize an extraordinary group of students in the city of Fort Worth that I'm honored to represent in Congress. Alejandra Benavidez, Consuelo Cuevas, Nian Dim, Elijah Herring, Miguel Lopez, Mariah Matthews, and Yesenia Ortiz each have been awarded a community scholarship to attend Texas Christian University.

TCU recognizes the benefits of having a diverse student body with varied backgrounds and experiences. In order to help ensure this, the university began the Community Scholars program in 1999 to bring students in who would otherwise not be able to afford a college education. The program has grown to include 11 high schools in the north Texas area, with 30 scholarships given each year, and boasts a 90 percent college graduation rate.

The students chosen from Fort Worth's Trimble Technical High School add to the prestige and quality of the Community Scholars program and TCU overall. Each of these students are bright, motivated, and accomplished. Not only do these students exhibit academic excellence, but they also take part in volunteer work, extracurricular activities, and demonstrate leadership in their communities. Once again I want to commend these students. I know they will wear their purple with pride.

## PROTECTING THE INNOCENT

(Mr. FINCHER asked and was given permission to address the House for 1 minute.)

Mr. FINCHER. Mr. Speaker, I'm heartbroken as I've heard more about Dr. Kermit Gosnell's Philadelphia medical practice during the past few weeks.
